Part 3 Reading Comprehension

Task 1 Read the passage. Write T (true) or F (false) for the statements.

How can you be a successful online shopper?

Successful online shoppers always get great clothes at fantastic prices. So, what's the secret?

Successful shoppers subscribe to newsletters. This can mean more junk mail (you might want to open a new email account which is just for shopping), but it does mean that you will hear about more good sales. Besides, some shops will offer you a discount when you give them your name and email address.

If you want to buy something but don't have enough money, then add the item to your basket before you leave the site. Many retailers may check accounts, and offer discounts for items which have been sitting in a basket for a week or more.

If there're retailers you would like a discount from, then get in touch. Send them an email or chat online telling them how much you like their products. They may often reply with a voucher.

Happy shopping!

- 1. People who get lots of bargains when shopping online are just lucky.
- 2. If you subscribe to newsletters, you may receive a lot of junk mail.
- 3. Newsletters never tell shoppers about sales and discounts.
- 4. When shopping online, you shouldn't leave items in your basket without buying them.
- 5. If you like a product, you could try to email the retailer.

Task 2 Read the passage. Choose the best answer.

Come and work for us!

Would you like to go out for a three-course meal and pay nothing at the end of the meal? Or maybe you'd enjoy shopping for your favorite brands and getting paid for it?

It may sound too good to be true, but this could be your job! Here at Mystery Marketplace, we're looking for shoppers to join our team. We need people who can visit shops and restaurants and then write reports on their experience.

Mystery shoppers are important because they help their local communities by making stores, restaurants, and banks become better places for shoppers to visit.

What our shoppers say:

“I don’t have much money, but this job allows me to be able to go out for a good meal a few times a week.” —Beth

“I love shopping, so this doesn’t feel like work.” —Jane
