3. Question Discussion:

The word for the meat of an animal, such as duck's meat, we'll use the word "duck", the word for the animal to refer to its meat as well, other examples such as chicken, fish, goose, rabbit, etc.

But the words for pig, sheep or goat and cow/cattle/bull/ox/buffalo cannot be used to refer to the meat of this kind of animal, whereas the different words like pork, mutton and beef, etc. will be used to refer to their meat.

So what gives? How does this happen in the language of English?

your job: present your research and answer to the question in the discussion zone
